SCHOOL EXHIBITION

INTERMEDIATE TO GIVE ANNUAL
DEMONSTRATION OF WORK
OF PUPILS FRIDAY EVE

Next Friday evening the teachers and pupils of the Intermediate School will entertain parents and friends by inviting them to regular sessions of school work so they can see just what is being taught and how the instruction is given. The exhibition will begin at seven o'clock with physical training on the out-door field for which daylight is requisite. That demonstration will be followed by two 30-minute periods of various class recitations in all the subjects taught in the school, viz., arithmetic, geography, history, nature and agriculture, sewing, cooking, etc. The last period of half an hour will be given to an assembly in the auditorium conducted like an ordinary weekly assembly.

These extra sessions will be a labor of love on the part of students and instructors for the benefit of parents and others who cannot visit the school during the day sessions, but who nevertheless would like to know just how it is conducted and see something of the new methods of teaching now in vogue, both in physical and scholastic training. They will be a bore to the children in all probability, though the boys and girls can be depended upon to act the part of hosts and hostesses to the very best of their ability. For that reason the public should respond in kind and show that the effort is appreciated. The school is on Wilson Avenue between Kenwood and Jackson Streets.

HARRY HARDIE GOES TO NEW YORK

Harry Hardie and wife, who have been living at 422 Hawthorne Street for the past two years, will start Friday, over the Santa Fe, to New York City. Harry is a camera man of great proficiency, and has been with the Astra Film Corporation since it took over the studio on Verdugo Road the first of the year. He has already worked as camera man in 12 serials, five of them for Pearl White and two for Ruth Roland. He will work with Pearl White in New York this year. She expects to come to this coast again next winter.

POST AND CORPS MEETING

Tomorrow, Friday, the N. P. Banks Post and Corps will have their all-day meeting. The usual dinner will be served at noon, and there will be a swap social. Ladies are requested to be sure to bring their packages for this jolly affair.

SECOND TEAM GAMES

The second baseball team of Glendale High plays Hollywood's second team today. Its luck has not been very good thus far, as it has been defeated by the second teams of L. A. High and Polytechnic.

THEY ARE ON RECORD

MEMBERS OF CENTRAL CHRISTIAN CHURCH EXPRESS THEMSELVES ON PROHIBITION

At the weekly prayer meeting, following the regular church supper at Central Christian Church last evening, the President's recommendation in regard to modifying the dry order so as to allow wines and beer to be sold after July 1st was a topic of animated discussion. While due credit was given Mr. Wilson for his grand work in Europe the last few months his amazing course on the prohibition question was unsparingly condemned, some of the speakers expressing regret that this usually high-minded man had allowed himself to be influenced by false representations of the attitude of the American people on this vital question. Samuel Gompers, representing Union Labor, is quoted as having slandered the American workingmen by attributing to them the universal sentiment that unless they were allowed free use of this, their greatest curse, they would refuse to work. It was recommended that church people everywhere express themselves strongly and at once on this matter and write or telegraph their congressmen and Senator Johnson, urging them to stand firm in refusing to modify the order by which complete prohibition goes into effect all over the land on July 1st, this condition to prevail until all the American soldiers are demobilized. There was not a dissenting voice heard, but all who spoke were emphatic in taking the above stand.

JOLLY LETTER

PRIVATE O'CONNOR WRITES
CHARACTERISTIC LETTER
FROM COBLENZ

Mrs. M. E. Mulvihill of 134 North Louise Street, who is now at Murrieta Hot Springs, has addressed a communication to the Evening News enclosing a letter from her nephew, dated at Coblenz, Germany, April 26th, in which he says:

"Your glad and welcome letter of March 20th made its appearance here a little over a week ago and on the 18th of April I received the 'Glendale News' of December 27th and had a good look at my letter printed in it. I sure would be very apt to flatter myself about it when I come to think of the distinguished credit that has been heaped upon that particular letter by you. I certainly am very thankful to you, Auntie, for your kind effort in sending it to me and, believe me, there is nothing I value higher so far as goods and property are concerned.

"Like yourself the rest of the folks are anxious to see me home, but you people can never know how anxious I am to see yourselves. There are no indications as to when we will be likely to leave the army of occupation for home. Our patience is about exhausted and it looks as if things might turn for the worse for us; but just the same I am not worrying. We get plenty of sleep, plenty of things to eat and entertainment as well as plenty of work, so you see our time is pretty well occupied and, believe me, the Yanks are not out here in Germany for nothing.

"Well, Auntie, I hope California still holds the same good reputation with you as it always did, and I don't suppose it will ever give you cause to insult it. I guess the only disadvantage you have is in being away from all the folks, but absence, you know, makes for stronger friendship and fondness, and I suppose the climate of California also makes for stronger health.

"That trip to Aix-les-Bains, France, I was telling you about was quite a session and the place is something exquisite; for, believe me, Auntie, an American girl hasn't anything on the French dames. They sure are very artful in bringing out every feminine charm in their manner of dress, and their cleverness in the art of flirtation is something that cannot be beat. But the trouble with us Yanks lies in the fact that their language is difficult and hard to learn. I took two lessons in French some time ago and still cannot speak the language.

"Your loving nephew,
"PHIL,
"Co. A, 54th Pioneer Inf.,
"Third Army, A. E. F.

FACULTY PICNICS

A meeting of members of the faculty of Glendale High was held Wednesday afternoon to take the place of the customary Monday evening meeting for which a picnic excursion to Santa Monica Canyon and supper on the beach was substituted. There were about thirty in the party which went by automobile. A similar picnic was held earlier in the season at Echo Park.

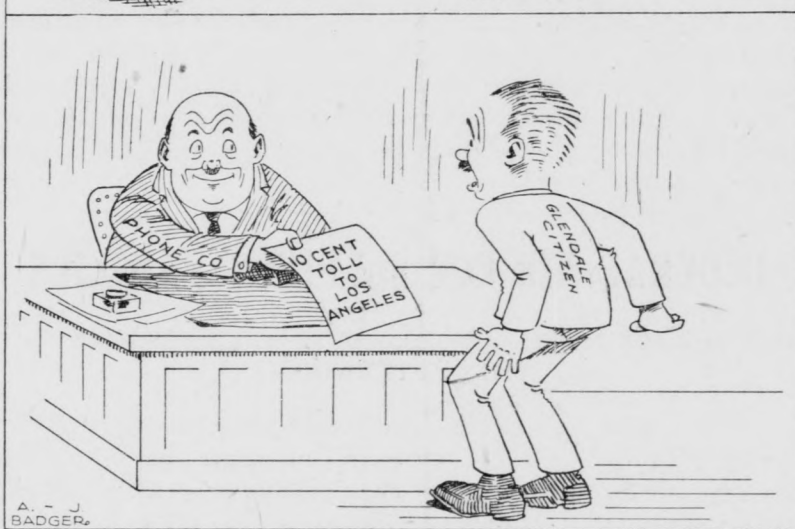

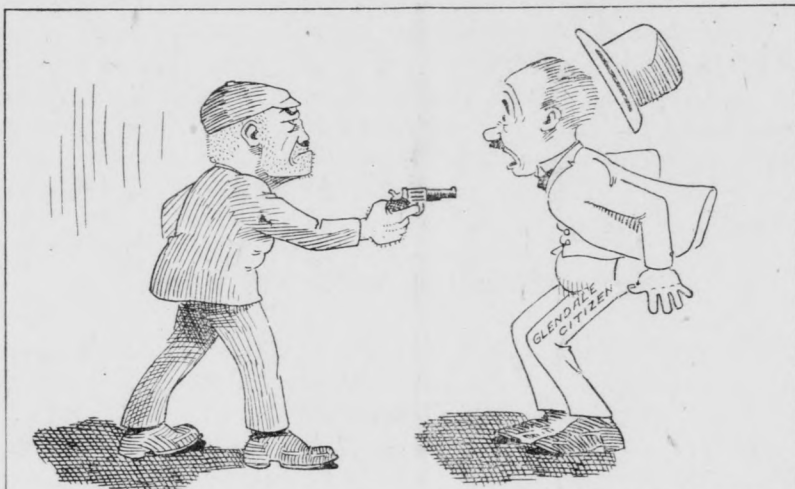

SIXTY-FIVE SMELT

GAS COMPANY EMPLOYEES MAKE
GOOD RECORD ON MID-
NIGHT EXCURSION

Employees of the Southern California Gas Company in Glendale made a good record Tuesday evening when they drove to Santa Monica as guests of Mr. and Mrs. H. P. Courtney, fished from the wharf by the light of torches and came home at 3 a. m. with 65 smelt, which were parceled out among the fishermen, the party including Mr. and Mrs. Courtney, Louis Nunn, Linn Perrin and E. W. Kimmell. The Courtneys have been down several times before, but it was Mr. Kimmell's first taste of the sport.

While telling what a good time they had on their midnight excursion Mr. Kimmell called attention to the greatly improved appearance of the gas office since the partitions were removed, making the display space larger. The office, he says, is now on quite an independent footing as the ledgers are now here and all the accounting is done in Glendale instead of Los Angeles. Several hundreds of dollars have been invested in furniture and fixtures, including a new Burroughs Adding Machine. He says the office will carry a large stock of ranges of all styles sold by the company, which will be a great convenience to intending purchasers who want to choose their stoves and have them installed by the gas company.

WHICH WAY WOULD YOU RATHER BE HELD UP?

PEACE TREATY INTRIGUE

STORY OF SIX MONTHS' NEGOTIATIONS REPLETE WITH
BROKEN AGREEMENTS AND UNDERSTANDINGS

(Special Service to Glendale Evening News)
Paris, May 22.—(Copyrighted by United Press.)—Friends of President Wilson, answering the statement of many members of the peace commission criticising the peace treaty, declared that Wilson himself is dissatisfied. They say the President believes the treaty is the best that could be achieved under the circumstances. They also declared that when the full story of the six months' negotiations is told it will be replete with accounts of broken agreements and altered understandings. It is understood that the treaty isn't even what it was when the official copy went to the printer. They say that on one occasion President Wilson was called from his bed at midnight and notified that a change had been made by one member of the "Big Four" in the printed copy. American experts are now carefully reading the treaty to make sure that there have not been more changes. President Wilson's friends deny, however, that it is a "regular rivers and harbors bill," because that characterization implies that the President has served selfish ends.

MAKE STAND FOR WILSON'S PRINCIPLES

COUNTER PROPOSALS BY GERMANS SAID TO BE BASED
ON THEIR UNDERSTANDING OF HIS POLICY

(Special Service to Glendale Evening News)
Paris, May 22.—Official French circles expect the Germans to make an eleven hour bluff against signing the peace treaty to test the determination of the Allies. It is authoritatively learned that the German counter proposals will embrace insistence on a fuller fulfillment of President Wilson's principles; a request for a plebiscite in eastern and western provinces; acceptance of the principle of full disarmament with the reservation that Germany be permitted to maintain an army of 200,000 to preserve internal order; an agreement to eliminate the German navy, but restoring a part of the German merchant marine.

BOLSHEVIK OFFENSIVE OPENED SATURDAY

BATTLE ON THE BALTIC FRONT NOW BEING WAGED FROM
SCHLOCK TO BAUSKE

(Special Service to Glendale Evening News)
Paris, May 22.—A Libau press dispatched, received today, said that Bolshevik forces sprung their offensive on the Baltic front Saturday, using large forces, and that the battle continues from Schlock to Bauske.

ARCADIA FIELD RENAMED

WILL HEREAFTER BE KNOWN AS "ROSS FIELD," IN HONOR
OF AVIATOR KILLED IN FRANCE

(Special Service to Glendale Evening News)
Washington, May 22.—The War Department has announced that the Arcadia, California, army balloon school will hereafter be known as "Ross Field," in honor of Lieutenant Cleo Ross, an aviator who was killed in France.

THE LUSBY WEDDING

CEREMONY TAKES PLACE IN
PRESENCE OF MANY GUESTS
AT HOTEL PORTER

A very pretty and quite a large function was the wedding of Miss Florence Walling and Dr. Ralph Lusby, which took place Wednesday evening at Hotel Porter in San Fernando, where the doctor is now practicing his profession.

About one hundred guests gathered in the hotel court, which had been beautifully decorated for the occasion with flowers and greenery by Miss Owens of Van Nuys, Mrs. Busby and Mrs. Douglas of San Fernando.

A station for the bridal party had been roped off with strands of fern and smilax with avenues of approach on opposite sides for the groom and his attendant and for the bride and her train. In the central space reserved for the ceremony, beneath a shaded light, swung a floral canopy. Rev. Clark, pastor of the First Methodist Church of San Fernando, was the officiating clergyman, and impressively read the Episcopal marriage service. When the hour arrived, 8 p. m., he took his station to await the bridal party. First came Miss Margaret Lusby, maid of honor, looking very beautiful in a gown of pink satin with gold lace trimming and carrying a shower bouquet of Cecil Brunner roses; from the opposite aisle came the groom and best man, J. H. Malin, cashier of the First National Bank of San Fernando, and then, to the strains of the Mendelssohn Wedding March, played by Miss Waunita Emery, cousin of the groom, advanced the little ring bearer, Robert Duntley, followed by little Gertrude Street in dainty white with fluttering pink ribbons, carrying a basket of rose petals which she scattered in the path of the bride, who was attended by her father to the green aisle where he relinquished her to make the passage to the waiting groom alone. A very handsome bride she was in her wedding gown of white Georgette with satin trimmings, and silk net veil descending to the hem and crowned with orange blossoms. In her blonde fairness she was a striking contrast to the groom. Her shower bouquet was of white rosebuds. Serving as ushers were Sergt. Owen C. Emery, Lieut. Harold Latter and Sergt. Dana Burkett.

At the conclusion of the ceremony friends pressed forward to tender their congratulations, the witnesses including not only relatives of the groom and friends from this city, and San Fernando, but the brother and sister of the bride, Mr. and Mrs. Loveridge of San Bernardino, her cousin, Mrs. N. C. Mitchell of Portland, Oregon, who has a lovely voice and who sang two numbers very beautifully preceding the ceremony, and friends from Santa Barbara, Pasadena and elsewhere.

Dainty refreshments were served in the court with appointments in keeping with the scheme of the floral decorations and then, while guests were inspecting the large and very beautiful array of wedding gifts, Mrs. Lusby slipped away to exchange her wedding attire for an old rose traveling suit and white picture hat and with the connivance of friends she and the doctor managed to elude pursuit and reach a waiting auto which bore them away on a brief honeymoon trip.

After the first of June they will be at home to their friends at Hotel Porter, where they will reside until they go to housekeeping.

ENTERTAINS COMRADES

DOUGLAS BALTHIS IS HOST TO
MEMBERS OF CO. F, 117TH
ENGINEERS

Comrades in arms of Douglas Balthis of Company F, 117th Engineers, Rainbow Division, were entertained by him at dinner Tuesday evening at his home at 819 N. Brand Boulevard. It may be the last time for a number of years that these boys, who have been in intimate association, will all be together again. Covers were laid for Edwin Sadler, Frank Littell and Stanley Gorman of Glendale, Bob Reynolds of Los Angeles, Elmer Saunders of Kansas City, Mo., Wilbur Jervais of Tacoma, Wash., Ed Reagan of San Francisco, and the host. The three last mentioned have been in Los Angeles since their discharge and are now returning to their homes. Following dinner the boys spent a social evening together.

Wednesday night members of Company F were entertained with a dance at the Ebell Club in Los Angeles, which was attended by all the Glendale members of the company.

QUOTA SUBSCRIBED

REPORTS OF DRIVE WORKERS
OF FIRST M. E. CHURCH SHOW
GOAL HAS BEEN REACHED

With pride and satisfaction, Rev. Charles H. Scott reports that his church, the First M. E. of this city, has gone over the top in the Centenary Drive and secured subscriptions to cover its quota of \$24,000. So much was clear from the reports of captains and workers submitted at the supper served to them Wednesday evening in the banquet hall of the church. Action was taken by members of the official board, who were present, providing for the closing of the Centenary Drive and the opening of a drive to secure subscriptions to liquidate the church debt of \$28,000, for which some voluntary pledges have already been made and encouragement given from many quarters. But before that drive is inaugurated, a big jubilee will take place at the church on Sunday when the entire community will be invited to rejoice with its members over this triumphant realization of their quota in the big Centenary Fund. It will be an all-day affair in charge of a special committee of arrangements made up of C. W. Ingledue, A. G. Lindley, R. M. McGee, T. A. Wright and Pastor C. H. Scott, and it will begin at 11 a. m., the usual hour of service. Families will be invited to bring their lunches to be eaten in the banquet hall of the church where hot drinks will be served free to all comers. A fine program will be given in the afternoon and in the evening an organ concert and praise service at which Miss Guelph McQuinn will preside at the organ for the last time before leaving for a mission field in South America.

Details of the Sunday program will be published in the Evening News of Friday and Saturday. It is believed that the occasion will be of general interest to the community, and that it will be glad to participate.

HOME AND PROPERTY

MISS ELLEN WILLIAMS SEEKING
RETURN OF PROPERTY AND
RETURN TO AMERICA

Miss Emma Williams of Glendale, though owning considerable property and funds in her own right, is stranded in Germany, where she has been for several years, and has no money to pay for her return trip home. Before the war Miss Williams made two trips to Germany with a nephew in frail health, to try the waters at Baden Baden. After the return from the second trip the nephew died and after a time Miss Williams returned to Germany to visit a daughter of the former German consul at Havana, whom she had been on terms of warm friendship with and who then lived in Hamburg. She was there when the United States declared war on Germany, hence was interned. By some blunder on the part of an overzealous officer, representing the Alien Property Custodian, Miss Williams' property was taken over, though she was an American coming from a family of unbroken American residence back to Revolutionary times. In spite of the fact that this taking over Miss Williams' property was an error, she can secure its return only by going through certain prescribed forms. This procedure is now being gone through with by Miss Williams' attorney and the sum of \$2500 has been deposited with the Government authorities for transmission to her so she can return to the United States. Miss Williams' home is at 1325 North Central Ave., with her brother, Menzo, and sister, Miss Ellen. They hope to welcome her there before many weeks.

HARRY FRANCY EXPECTED

Mr. and Mrs. David Francy are in receipt of a postal card from their son, Harry Francy, who, with his brother, has been in service at Camp Lewis, stating that he passed through Los Angeles Tuesday on his way to Camp Kearny for discharge. They are therefore looking for his arrival in Glendale any day, and are hoping that Mark Francy will be with him, but they have not been advised on that point. Harry would have been here sooner, but was detained to help with the Victory Loan Drive in Seattle.

Mrs. Barnes, mother of McNaughton Barnes of 1316 Walnut Street, who was stricken with paralysis last week, is resting comfortably under the care of a nurse, but has not yet recovered her speech, which makes it very hard for her and her friends with whom she tries to communicate.

GLENDALE, CALIFORNIA, THURSDAY, MAY 22, 1919

NEED NOT BE SURPRISED AT TELEPHONE SITUATION

Men who have followed the history of the action of the telephone corporations since they were first organized are not at all surprised by the attitude taken by the Pacific Telephone & Telegraph Company at the present time. The entire history of these companies has been one of abnormal growth until by unwise methods they placed burdens upon the people by charging excessive exchange and toll rates. It has been the practice of these corporations to suffer defeat in many localities before they will give up their tyrannical methods of business, and it is not at all unlikely that this method will be pursued in the Glendale community. History shows us that the Middle West is dotted with mutual telephone companies which have been formed as a means of protection against oppression by the Bell Company.

History also shows that all of these companies which were organized in a systematic way and had, first and last, the interests of the people at heart, have succeeded financially and have given the telephone subscribers excellent service at less than half the cost of telephones of the old line companies.

There is a project on foot throughout the United States to make it possible for the telephone to be a universal convenience, and the way this is being worked out is by having the rental at such a low rate that every family can afford to have a phone. The day is past when a telephone is considered a luxury. It has been proven to be an actual necessity in every home. The woman who takes in washing, although not able to pay excessive telephone rental, is able to get more business and accommodate her customers in a more satisfactory manner if she has a telephone. So it is with the laboring man and the mechanic. He can succeed better financially if he has easy access to a telephone at lowest possible rates. The slogan now in many cities in the Middle West is: "Low telephone exchange, good service and a phone in every home."

The recent order of the Pacific Telephone & Telegraph Company throughout the United States, establishing tolls where they have heretofore been unknown, and at the same time increasing exchange rates, is absolutely in opposition to universal use of the telephone, and at exchanges rates demanded at present by the company the laboring man and the man in medium circumstances find it impossible to afford the use of the telephone which has become a necessity.

Surely the time has come when men and women who are able to pay exorbitant prices for telephone service will appreciate the fact that these prices cannot be paid by many of the wage-earners who are deserving of the advantages afforded by the use of the phone, and it is only fair that all classes unite in making it possible to have the phone a universal convenience in every home.

THIS TIME AMERICA IS PREPARED

For many years the American people and Congress have balked at any ship subsidy plan, claiming it is bound to create a group of shipping company monopolies and millionaires. All this despite the fact that England and Germany built up gigantic merchant marines and almost swept the American flag from the high seas. The same old fight is coming up before the present Congress, and the outcome will be awaited with keenest interest. On this subject Senator Wesley L. Jones of Washington recently said:

"An adequate merchant marine is an imperative need of the United States, not only as a part of our commerce and transportation systems, but also as a part of our national preparedness. No more pressing question is before us than the adoption of suitable legislation to secure such a merchant marine. The farmers, workers and business men of the interior of the country are in greater need of shipping than those on the seashore. Their products largely make up the surplus that must find a market abroad. If there are no American ships to carry this surplus, it must await the pleasure of foreigners and may be wasted or the price of such products greatly depressed all over the country."

Senator Jones further pointed out that the world's ship shortage today is 16,000,000 tons and that vast trade areas, once wholly in Germany's grip, await commercial help from this country—several South American countries in particular.

TYPICAL OF GERMAN POPULACE

Never was there more indisputable proof that there is no repentance in Germany over the wrongs done by that nation during the war than in the reply of the head of its delegation to Clemenceau, when the peace treaty was placed in German hands. Clemenceau, old, infirm and recently wounded, stood when he transmitted a copy of the treaty. Brockdorff-Rantzau, in reply, made no attempt to rise. Doggedly, he retained his seat. Sullenly and with vicious emphasis, he read what he had to say. Clemenceau had spoken of this "most cruel war that was forced upon us," which brought forth this snarl from the German count: "It is demanded from us that we shall confess ourselves to be the only ones guilty of the war. Such a confession, in my mouth, would be a lie."

Then proceeded an elaborate defense of the former government's part in the events that precipitated the war, a repetition of the false arguments worn bare by the ex-kaiser and all the cringing crew that echoed his every word and thought.

Monarchy or republic, it's all one to the world so far as Germany is concerned. In the beginning of the great conflict, we all wished to believe that it was the crime of the German government and not of the German people that was bathing the world in blood. But we know better now. The German government represented the German people, then under one-man rule. The German government represents the German people now, under an alleged democracy. Under the one government there never was a protest from the people over the horrors on land and sea inflicted by German authority. Under the other government there never has been a word of contrition or repentance.

With surly mien, the representatives receive announcement of the penalty. When they agree to pay, it will be with a snarl. And it is all typical of the people they represent, a people whom forty years of mis-education has placed in a class by themselves among the populations of the earth.

AMERICAN "INVASION" OF SPAIN

The Barcelona journal Vanguardia sounds a note of warning against the danger, very real in the writer's opinion, of the capture by foreigners of the natural wealth of Spain and of her virtually becoming a colony of the United States.

A commercial invasion from that country forms a frequent topic of conversation in Barcelona just now. This is no mere rumor. That the Americans intend to establish in Spain one of their most lucrative markets, and to work to their advantage the neglected wealth of its soil, is proved by the recent establishment of a number of American banks, by the daily opening of branches of leading New York houses, and by schemes for the construction of railways, to be managed from the other side of the Atlantic.

The Pizzaros and the Corteses of this conquest of Spain by America are affable managers, who are bringing in their train an army of commercial travelers, foremen, engineers and clerks. With very few exceptions, Spaniards regard this invasion with indifference, if not with actual approval, arguing that industries once set up in the country will remain there, supply work, and cause money to circulate. Let the Yankees come by all means, they say. There is a tendency among the majority either to enjoy or hoard money made during the war and to leave the development of national resources to foreign capital. As a result of the influx of wealth due to the war may be noted the increase of the theaters, music halls and luxuries of all kinds.—Living Age.

THE BATTLE FOR AIR SUPREMACY

The eyes of the world are on the contest between American and English aviators to win the prize promised the first to cross the Atlantic by air route. While all Americans have hoped for the success of our own men or at least one of them, great concern has been felt over the probable death in the sea of Lieutenant Hawker, daring but foolhardy English aviator, who, apparently goaded to madness by the prospect of American success, rushed forth with an ill-equipped aeroplane, and with no preparation of guide ships, on the 1800-mile journey from St. Johns, Newfoundland, to the Irish coast. There seems to be no possible chance for him to have escaped death in the boisterous waves.

FEDERAL AID FOR SOLDIERS' FAMILIES

BILL APPROPRIATING \$39,000,000 TO BE REPORTED OUT THIS AFTERNOON

(Special Service to Glendale Evening News)

Washington, May 22.—Chairman Good, of the House Appropriations Committee, has announced that the bill appropriating \$39,000,000 for allowances for soldiers' families will be reported out this afternoon and that its immediate passage will be urged.

N-C 4 WILL NOT FLY TODAY

ROUGH SEA AND HEAVY WIND PREVENT CONTINUANCE OF TRANS-ATLANTIC FLIGHT

(Special Service to Glendale Evening News)

Washington, May 22.—Admiral Jackson has cabled the navy department that rough seas and heavy wind prevented the N-C 4 from starting on its 800-mile flight today to Lisbon.

Personals

Miss Lorena Hardenburgh, of Sierra Madre was the guest on Sunday of Mrs. Louis Sipple, of 1239 East Harvard Street.

The new kindergarten building at the Pacific Avenue School is all enclosed and only the inside finishing remains to be done.

Young people of the Epworth League of the Central Methodist Church have arranged to enjoy an all-day outing in Topanga Canyon on Decoration Day.

Charles Hapgood, son of Mrs. Delia Hapgood of Los Feliz Road, who has been critically ill, is now sufficiently recovered to be out and enjoying life with his friends.

The Red Cross Auxiliary of the Tropic District is to be demobilized Wednesday evening at the K. of P. Hall on Brand Boulevard, when certificates will be given to all who have worked in the organization.

The State Eclectic Medical Society is holding its annual meeting in the I. O. O. F. Hall today, Friday and Saturday. Three of Glendale's leading physicians are members of this society.

Mr. and Mrs. Gus Ross, who are guests in the home of Mrs. Sam Hunter, sister of Mr. Ross, are the happy parents of a little son, born Tuesday. Mr. and Mrs. Ross were former residents of Glendale and have many friends and relatives here.

Lyman Balkama, who saw service in France with the Rainbow Division, is the guest of his cousin, Mrs. C. L. Peckham, who, on Wednesday evening entertained at dinner, Messrs. Miller and Bryant of the 55th Infantry, who came up from San Pedro to be her guests.

Mrs. E. J. Lister, her daughter and grand-daughter are leaving Glendale today for their home in Indiana, after spending a year here with Mrs. Lister's daughter, Mrs. A. F. Wilson. They plan to return in the fall as they have greatly enjoyed their stay in Southern California.

George U. Moyse, Principal of Glendale High, visited Inglewood this week to consult the principal of the school there in regard to certain school problems which Inglewood has in common with Glendale, and to study their organization plans for next year.

Officials and prominent members of the Glendale Chapter of the Red Cross, who have been connected with its work since its initial organization are now busy arranging statistics which are to be incorporated in a history which is being prepared for National Headquarters.

The regular choir practice of St. Mark's Church will be held this Thursday, evening at the residence of Mr. and Mrs. D. Ripley Jackson. Junior choir practice will take place Friday afternoon at 4 o'clock in the Guild Room of the church. A full attendance at both practices is earnestly requested.

DEATH OF JOSEPH RENSHAW

Neighbors and close friends of Joseph Renshaw, of 362 West Lomita Avenue, were shocked by the news that he had dropped dead upon his own lawn this morning at 8:30 o'clock of heart failure. While he had not been in the best of health recently, no such sudden ending of a useful life had been expected. He leaves a widow, Bessie C. Renshaw, a daughter Katherine Renshaw, who is attending the University of California at Berkeley and who was to return the 30th of this month, and a son, William Renshaw, a student at Throop College of Technology. Further particulars will be published later.

MARRIAGE OF KASPAR C. SIPPLE

Friends of Kaspar C. Sipple will be interested to learn that he was quietly married last Saturday at Ontario to Mrs. Annie Robbins, who resided in Glendale until about a year ago, and who has many friends here, particularly in Methodist circles, and among the Good Templars. They came at once to the home of the groom at 112 North Adams Street, where they will be at home to their friends. Mrs. Robbins has a young lady daughter who will be with them later.

ROGER BAKER COMING HOME

Mr. and Mrs. Louis Baker of Brand Boulevard are looking forward to the arrival of their son, Corporal Roger Baker, who reached Camp Lewis about ten days ago where he secured his discharge. He is now on his way home accompanied by his wife, who has been with relatives in Tacoma during his absence, and they will stop en route at Seattle, Portland and San Francisco. Mrs. Baker is distressed because of physical disabilities which may prevent her from being her normal self when they come. She fell a few days ago and wrenched her back and shoulders and has been under the doctor's care since, but hopes to be over her injuries when they get here.

GLEN EYRIE CHAPTER

Glen Eyrie Chapter No. 237, O. E. S., will hold a regular meeting Thursday evening, May 22d, at 8 o'clock.

RETURN OF G. N. MATTHIESEN

George N. Matthiesen, a former resident of Glendale, is here and will be the guest for a week or so of his brothers, Herbert Matthiesen of Adams Street, Bert Matthiesen of Cedar Street, and Frank Matthiesen of 505 North Jackson Street, where he now is. He is an engineer with a run north of San Francisco and has not been in Glendale for more than three years. He notices many changes. He has just come from a visit with his mother and two sisters in Parlier, California.

MEMORIAL SERVICE

Tentative plans are being made at Glendale Union High School for memorial services May 29th for the soldier dead of the school—Theo. Koelthen, Lawrence Davis and Clarence Ball, for a reception to returned service men, and for the demobilization of the school service flag.

No definite program has yet been outlined, but it is being considered and will be announced later.

DEATH OF MRS. CALLIE CREAMER

Mrs. Callie Creamer passed away Thursday morning at 1:30 at the home of her daughter, Mrs. A. J. Maxwell, 715 North Maryland Avenue, after an illness of six months. The deceased was 82 years old, and had lived in Glendale for the past five years. The remains will be taken to her old home in Topeka, Kansas, for burial. She leaves to mourn her loss two sons and one daughter in Topeka, besides Mrs. A. J. Maxwell of Glendale and Mrs. J. N. Harris of Fresno, who were with her at the time of her death.

HOUSEHOLD GOODS FOR PRIVATE SALE

SEEDS. SEEDS

We have cut the prices on all garden seeds. Plant your gardens now. Glendale Plant & Floral Co. 22012

TENNIS CHAMPIONSHIP

The tennis match between the teams of Glendale High and Franklin High came off Tuesday afternoon and Glendale won easily in spite of the fact that the L. A. team has two very strong players who had not been defeated until they came up against our own talent, Fanset and Moyse. As darkness was approaching the game was not played out to the seventeen points when it was seen that Franklin had no chance to win, but ended with a score of 11 to 3 in favor of Glendale.

The local team was to have played Alhambra this afternoon, but on account of the weather the game was postponed to next Tuesday afternoon.

Glendale has lost one game to South Pasadena. If she wins from Alhambra her team will be tied with Franklin High whom she will have to play again to determine the championship of the Central League. With chances so bright and the goal so near the contest is becoming quite exciting and would tempt bets were this a sporty town.

GOOD TEMPLARS WORK AND PLAY

A meeting of the District Lodge of Good Templars was held in I. O. O. F. Hall Saturday afternoon, May 17th. Pasadena, Los Angeles, Santa Monica and Glendale lodges were represented. The afternoon session was devoted to business. After the adjournment of the business session all adjourned to the Jewel City Cafe, where dinner was served to the 24 people in attendance. There they were agreeably surprised by the appearance of K. C. Sipple and his new wife, formerly Mrs. A. C. Robbins. The bride and groom were greeted with a shower of rice. The evening session was devoted to entertainment. A "District Skule" program was put on. Thomas Miller had charge of the singing and Mrs. Meagher of reading and elocution. Robert Taylor had a class in temperance education. A school lunch in paper bags was served for refreshments.

WM. WOODS AND FAMILY MOVE TO L. A.

Wm. Woods and wife have leased their place at 546 West Broadway to W. N. Bott and have moved to 312 Avenue 31, Los Angeles. Mr. Woods has a steady contract of hauling for the city with his big auto truck and Warren is mechanic for the White Auto Agency. Mr. Bott moved from the Halliwell place across the street, the owner having decided to occupy it for a time and dispose of it if he can obtain his price.

JOBS AWAITING MEN

A Glendale boy, a returned sailor, who was recently given a position by a big lumber company of Los Angeles and San Pedro, though entirely without experience in this particular line of work, quotes his employers as saying there is an alarming scarcity of men for responsible situations. They need 30 more men in the Los Angeles office and 50 at San Pedro. With the great exodus of foreigners back to the homeland, as reported recently by daily papers, the labor famine is becoming more and more acute and it would seem that there is no excuse for any able-bodied man being idle.

SCHOOL LIBRARIANS MEET

Miss Edith May Church, librarian of the High School, and Miss Mallory, a former librarian there, represented Glendale at an all-day meeting of school librarians in the Pasadena High School Saturday.

In the morning there was a reception and session at which some good speeches were made. A mid-day luncheon was served in the school cafe by the Domestic Science Department of the school and at the session which followed Miss Haines, of Pasadena, talked on "Modern Literature for High School Students;" Miss Horton of the L. A. Public Library Training School spoke on "Pre-Library School Training" and Miss Guthrie of Orange High gave "Some Impressions of a California School." All these talks were followed by discussions, and two Pasadena High School girls gave readings from Austin Dobson's poems.

There were also round-table discussions at the morning session on how text books should be prepared for the use of teachers and methods adopted to keep track of them. These were led by Miss Lawrence of L. A. Central Intermediate and Miss Gilmont of Boyle Heights, followed by general discussion.

Miss Church feels she gained considerable inspiration but is regretting much the cramped quarters in which the library is housed and wondering where any additions can be put or where accommodations for readers can be found. Like others in the school she is wishing a new Auditorium or Science Hall could be built, which would give room to expand.

THOSE BANNERS

At the most recent meeting of the Student Body Cabinet of Glendale Union High a bill was introduced to remove the interscholastic banners won by Glendale High from the hall where they now hang to the auditorium on the ground that they would be more conspicuous in the location last named. The bill is not likely to effect any change however, as it was amended to read: "Resolved, that these pennants cannot be removed

without permission of the secretary of assemblies."

Business Manager Irving Oliver is objecting to any change because he was instrumental in having them hung in the hall, which, in his opinion, is the proper place for them, the place where every visitor to the school, whether the auditorium is open or not, will see them and be impressed by the pep and success of the school as represented by these trophies. Also he has another reason why the banners should remain where they are, in all probability the auditorium will be redecorated during the summer when the banners would have to come down.

Dan Campbell, who is prominent in the Student Body and on the staff of the "Explosion," was one of those who succeeded in having the banners hung in the hall. He sustains Mr. Oliver's opinion and scouts as unworthy the argument that they should have a place in the auditorium that students may feast their eyes upon them while waiting for assemblies to open or plays to begin.

So the banners will probably stay where they are.

TO WHOM IT MAY CONCERN

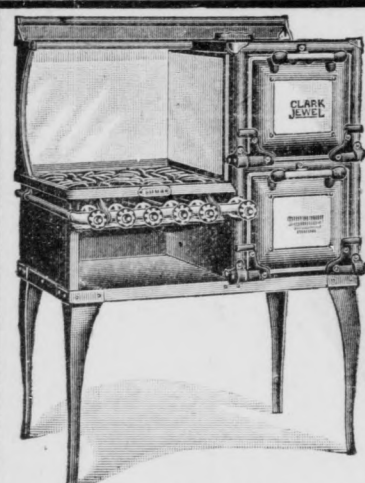

The Union Carpenters of Local 563 have officially proclaimed Saturday afternoon a half holiday, from May 17th till further notice. Members take notice.

W. R. BLAIR, President.
P. A. WELLS, Rec. Secy.

TIGERS WIN PENNANT

The ball game on Intermediate field today ended the series. The Giants and Angels were engaged and Vernon Paul represented the Giants in the pitcher's box while Horatio Butts pitched for the Angels. To secure the pennant it was necessary for the Giants to win every game. They lost today, however, by a score of 4 to 2 in favor of the Angels. The pennant has therefore gone to the Tigers who marched around the school grounds bearing their Tiger emblem and the pennant. Mr. Blanford acted as umpire.

TUJUNGA

Mrs. Brown, who regained her
health in the Valley and went to Pas-
adena last October, has returned and
again taken up her residence here.
She says it is the ideal spot for
asthmatics who wish to enjoy life.

The chicken fever has attacked
more people in Tujunga this year
than ever before. The old-timers,
Mr. Woodruff, Mr. Hough, Miss Mey-
ers and Mrs. Ward, still continue
their work, and to them have been
added in the past year Mr. Chapp,
Mr. Costello, Mr. Eckhart, Miss At-
kinson and Mr. Hudson. Of course
there are many more who have a
small number of chickens, but these
are in it for a living and report good
results. Just now many of the young
chicks have reached, or nearly so, the
broiler stage, and are now being fat-
tened for the market. Later comes
the time to Hoganize, when all the
birds that cannot pass their exami-
nation will be thrown out and the
remaining ones will fill the egg bas-
ket for the year. The chicken busi-
ness has become an actual science,
and no birds are allowed to remain
who do not show a good profit to
their owners. The first three named
have the greater number, Mr. Wood-
ruff leading with nearly 1,000 young
birds, the others following closely.
Mr. Woodruff will attend the insti-
tute at San Gabriel next week for
further instruction of latest methods.

Mr. W. H. Wieman received two
German helmets from his daughter,
Stella, who is still in France.

Mrs. Marsten was in Tujunga on
Monday and Tuesday to look after
the irrigation of the trees on her
place.

Mr. and Mrs. Ephram, who have
been in the colony for some time, re-
turned to their home in Hollywood
on Friday.

Mr. Wellman of Los Angeles, who
purchased the place formerly owned
by Jack Radcliff, was here for a day
putting the place in order and water-
ing the trees.

Some one who needed chicken feed
kindly abstracted all belonging to
Miss McKee from a box under her
house, this week.

Mr. Dee Sellem, bee inspector, and
Mr. Hall, who was formerly a mail
carrier in this section, were in the
Valley Wednesday inspecting the var-
ious swarms of bees. Some foul
brood was found and ordered to be
taken care of. There are lots of blos-
soms and plenty of nectar, so that
the bees are very busy putting in lots
of honey.

The Board of Trade met at the
school house on Monday evening, but
there being no quorum, no business
was transacted.

What do you do in Tujunga to
make a living? is the question often
asked of us, and we reply: There is
no one looking for work, every one
has plenty of food and clothing, and
we were able to send into the city
last week ten packages of clothing,
and more than that last winter. We
have a number who raise chickens
and rabbits and find them profitable.
There are many bees and goats, and
no one needs to be without a garden
the year around. In the summer,
when the fruit and olive factory is
running at Sunland, every one who
can work will find a job, besides the
picking of all kinds of fruits and
grapes.

Otto Hubman, who lives on Walnut
Drive, had the misfortune to lose all
his savings, with two notes and the
contract of the place. No clew has
as yet been found of the thieves.

MONSTROUS PARADE

Wild shrieks from auto sirens
brought denizens of East Broadway
to their doorways in wild alarm this
forenoon and quite a parade was seen
moving rapidly westward. Was it a
delegation from the Pasadena Cham-
ber of Commerce to arrange a joint
Fourth of July celebration or was it
a hurry up embassy overland from
Theodore N. Vail, head of the Bell
Telephone system, to inform aroused
California citizens that telephone
rates should be restored to the old
figure? Nay, nay, Pauline, 'twas
only a car load of shining new Stude-
baker Light Sixes, just unloaded at
the Salt Lake station.

WOMEN HAVE EQUAL VOTE IN CONFERENCE

(By United Press)

WASHINGTON, May 22. — The
first national political "pow-wow" in
history to be attended by both men
and women opened here today with
chairmen of both the men and wom-
en's Republican state central com-
mittees sitting as delegates.

Republican party chieftains at the
opening of the conference said that
women delegates would have an
equal voice with the men in deciding
organization manœuvres and policies
to be outlined with a view of carrying
the party to victory in 1920.

The prospects for the passage of a
constitutional suffrage amendment
during the present session of the 66th
congress are also expected to come
up for discussion.

The conference, which met at 10
o'clock this morning, is to continue
through today and tomorrow, ending
with a banquet tomorrow night.

PUNCTUATION

The present system of punctuation,
now used in all modern languages
with but insignificant variations, was
introduced in the first half of the fif-
teenth century by a Venetian printer
named Aldus Manutius. He is the
real father of punctuation marks—
of the full stop, comma, semicolon,
colon, question and exclamation
marks, apostrophe and inverted com-
mas. Manutius's system was adopted
later by all printers until it finally
established itself throughout Europe.
—Louisville Courier-Journal.

COMPLETELY EFFICIENT

Willis—"They used to say that the
packers wasted nothing of the pig ex-
cept the squeal."

Gillis—"I understand now that
they are even canning the squeal and
putting it on the market in the form
of grand opera phonograph records."
—Life.

WHY HE CHOSE HER

"May I have just one more dance?"

"Well, this must be the last. Peo-
ple will think you're in love with
me."

"Oh, nothing of the sort—it's
merely that you're the only girl here
I know."—London Opinion.

PREPAREDNESS

This is a word of wide meaning. If it refers
to the baking of good bread, we certainly fill
the bill, for from flour to oven all is done by
the most accurate machinery, in

SPRENGER'S BAKERY

Machines mix the dough with every ingre-
dient exactly measured; mould the loaves and
cut them to the proper size. Then they go to
the oven and come out brown and crisp, baked
just right.

These quality loaves in white, gra-
ham, whole wheat, rye and cracked
wheat are sold in Glendale's leading
grocery stores.

To Be Always Sure of a Pure, Wholesome
Loaf, Try The Bread Turned Out by

CITY ELIMINATES COMPETITION

The city of Pasadena recently signed a contract with the South-
ern California Edison Company for the purchase of wires, poles, etc.,
forming the distributing system of that corporation in Pasadena
for furnishing electric light and power in competition with the city's
municipal electric plant.

Pasadena has been generating electric power by the use of oil
fuel and competing with the Edison Company, which supplies cur-
rent generated by hydro-electric plants. The city, however, has been
able to furnish service at the very low rate of 5 cents per kilowatt
hour maximum for residence lighting to a minimum of 1.2 cents for
large power consumers. The municipal plant has earned a surplus
of approximately \$100,000, which has been invested in the plant in
the form of extensions and working capital. This form of financing
has been carried out in preference to issuing bonds.

The purchase price was approximately \$500,000 and will be paid
for in payments covering a period of thirty years.

The city will close its steam plant and will purchase current
wholesale from the Edison Company.

There are now numerous cities in California owning their own
lighting plants; only two, Alameda and Palo Alto, generate their
own current.

The city of Lodi recently published their annual report of the
fiscal year ending June 1, 1917, and the municipal lighting plant
shows a surplus of \$11,000. The rate for electricity is very low, the
maximum charge being 4 cents per kilowatt hour, and a great many
residences are equipped with electric cooking stoves, water heaters,
etc. The city also heats the water for the shower baths at the
municipal baths with electricity.

Some years ago Roseville installed its distributing system and
purchases electricity for 1 cent per kilowatt hour, which they retail
at a higher rate.

The city trustees of Merced have recently passed a resolution to
install a municipal lighting system for the distribution of commer-
cial light and power and a modern system of street lighting.—Pacific
Municipalities.

WAR TAX ON SODA FOUNTAIN BEVERAGES

Thrifty individuals who have been figuring that they could es-
cape the penny—or at prevailing rates the three-penny—tax on their
egg shakes by buying the milk and egg separately and doing the
shaking themselves, need to watch out or the "revenooer" will get
them and the clerk who serves them, according to a later and care-
ful reading of the book of mysteries known as the revenue law.

Section 630 was intended to be inclusive of all the business done
at a soda fountain or an ice cream parlor or stand, and there isn't
much that can escape, save the crackers on the side. The one in
ten tax is imposed on all "drinks commonly known as soft drinks,
compounded or mixed at such place of business, mineral waters, car-
bonated drinks, grape juice, etc., previously prepared and bottled,
assessed by another section of the law at their place of manufacture." Further than this, the tax is paid on "ice cream, ice cream sodas,
sundaes, and other similar articles of food or drink * * * when any
of the above are sold for consumption in or in proximity to such
places."

If Internal Revenue Commissioner Roper shall decide that the
element of similarity referred to has to do with the manner of sale
and consumption, rather than as to the substance sold, as is now
argued, even the luncheon sandwich which is sold at many soda
fountains may have to move elsewhere or be subject to the tax.

We whipped the redskins to gain this country, we whipped the
red-coats to gain our independence; now we stand ready to whip the
Reds in order to protect what we have gained.—Brea Progress.

ROBINSON BROS. TRANSFER

AND

FIRE-PROOF STORAGE CO.

We do crating, packing, shipping and storing. Trunks and baggage hauled to
all points. All kinds of moving work.
